

Thames Swimming Club Leavers Policy

When swimmers leave the club we require:

- 1 month's written notice from the date of your last fee payment via email to membership@thameswimmingclub.co.uk
- On receipt of this email, you will receive confirmation of the date of your last day at the club. At the end of this notice period, the membership secretary will freeze your account to prevent further payments being taken. No further action is required by you.

Example:

You email your notice on the 15th June. Your last payment will be taken on the 1st of July.
Your membership will then expire on the 31st July.

- In order to cancel without additional payments, please email in the last week of the month so the next payment is your last.

Galas

- No refunds will be made for entry payments already made to galas the swimmer will no longer be attending.

Returners

- Swimmers who return to the club will be required to go through the normal trial process. On the basis of their performance, space availability and discussion with the Head Coach, they will then be allocated to an appropriate training group.
- All returners will be required to pay the standard joining fee.
